The Four Levels

Purification

The first level of purification is to clean your physical body from anything that prevents you from making prayer. Brush off the sand or spice "dirt" from the wrapped box. You have completed the first step of purification.

A crumpled piece of brown craft paper is centered in the upper half of the image. The paper is heavily textured with numerous folds and creases, giving it a rough, tactile appearance. It is set against a plain, light-colored background.

The second level of purification is to cleanse your body parts from committing any sinful acts.

Remove the craft paper.

You have completed the second level of purification.

Procrastinating

Not cleaning my room

Complaining

Bragging

Not helping my Mom

Leaving my dirty dishes
on the dining table

The third level of purification is to remove the blemishes that blotch your shining heart.

Remove the paper flags.

You have completed the third step of purification.

The fourth level of purification, the level of the prophets and saints, is to cleanse from your heart every trace of your lower self.

Remove the crinkle paper from the box and marvel at the beautiful, shining heart.

You have completed the fourth step of purification.
